

# 38 Special, Rockin' Into The Night

Cruisin down the motorway  
Got my girl by my side  
We're both a little anxious  
Ooo, we got love on our mind  
Waitin, anticipatin  
For the fireworks in the night  
Well I swear we were doin eighty  
When we saw those motel lights

(CHORUS)

And we were rockin into the night  
Rockin into the night  
Ooo hoo rockin  
Rockin into the night  
Rockin into the night

Yeah, out on the back street  
Taking love where I can  
I found a sweet madonna  
Ooo, with a bible in her hand  
She's waiting, anticipating well  
For someone to save her soul  
Well I ain't no new messiah  
But I'm close enough for rock and roll

(CHORUS)

And I'm slowin down  
And she's pullin in

Waitin, anticipatin  
For the fireworks in the night  
Well I swear we were doin eighty  
When we saw those motel lights

We were rockin, rockin  
Into the night  
Ooo yeah  
Rockin into the night  
Rockin into the night  
Hoo rockin
