Valentine, You Make Me Sick

Babe I search for another one
My decision cant be wrong
and I feel what I feel

I think its clear
and I dont wanna hear
the excuses you`re telling me!

Bridge:
But you dont listen to my words
and beg for so much more
...dont try to accept
what I told you that day
and now I will tell you what youve done for me.....its nothing and so I say:

Chorus:
You make me sick
cause you dont understand me
You make me sick
and I feel being misunderstood
(2x) sick.....

When I look into your eyes
then I realize, theres a devil inside!
Ill proclaim to all your friends
that I buried our love
youll also be smothered with it now

Bridge

Chorus
