Jessica Folker, Private Eye

Tell me baby yeah...

If you like,
what you see
You better look,
look at me

'Cause what I've got,
is guaranteed
To make you hot,
or make you bleed

'Cause I believe,
that you and me,
was meant to be,
eternally

I've got my eyes on you, baby
You're driving me crazy, yeah
Like a private eye, baby
I'm watching you daily, yeah

Is it fantasy?
Jealousy?
Or is it real?
Maybe x2

If you want,
to be with me
Then you better be,
just with me

And if you cheat,
cheat on me
Then you better leave,
better flee

I've got my eyes on you, baby
You're driving me crazy, yeah
Like a private eye, baby
I'm watching you daily, yeah

Is it fantasy?
Jealousy?
Or is it real?
Maybe x2

If you like,
what you see
Then your eyes better be,
be on me

All right, come on, ohh, baby,
all right, come on, ohh yeah x2
If you wanna be with me

I've got my eyes on you, baby
You're driving me crazy, yeah
Like a private eye, baby
I'm watching you daily, yeah

Is it fantasy?
Jealousy?
Or is it real?

Maybe x2

If you wanna be with me
