# Joan Jett And The Blackhearts, Jezebel

(Jett-Laguna)

I ain't gonna fool around
I just know what you tried to do
An you know it gets me down
'Cause I really trusted you

I don't wanna see ya
Comin' round here no more
And I don't wanna see
Your face around here no more

It was such a sneak attack
That's not the way to treat a friend
Everytime I turned my back you got off
But that's all gonna end, right now

I don't wanna see ya
Hangin' round here no more
And I don't wanna see ya
Slippin' through my back door
So you'd better go now
You'd better go now
You'd better go right now
You'd better go now
You'd better go now
You'd better go right now
Now, now, now, goodbye

I don't wanna see your face around here no more
I don't wanna hear your voice
Around here no more
I don't wanna see you
Comin' (Hangin') round here no more

I don't wanna see you
Hangin' round here no more
I don't wanna see your face
Around here no more

I ain't gonna close my eyes
I know just what you'd love to do
It's no good to apologize
'Cause honey, you an me are through
Goodbye

You try to ace me
And I don't wanna see your face
Around this place no more
'Cause it's a bad thing you done
You're tryin' to wreck my fun
And I don't want cha here no more

Get out, Jezebel, no more
