Joe Bonamassa, Ball Peen Hammer

I wanna go there , I wanna climb
Now i don't know about no law , i don't see no crime
Ain't no reason , ain't no rest
I wanna get down to the woman and get undressed

And i can't stand it , i can't stand it
I can't wait to see them walls falling down

Tell me Jesus , why they run
Is it by the weight of the woman , the weight of the gun
Got 15 minutes now , and i just don't care
I'm gonna take this off and ready when i get there

And i can't stand it , and i can't stand it
I can't wait to see them walls falling down
And i can't stand it , i can't stand it
I can't wait to see them walls falling down

No where tomorrow , a sunday rhyme
You know all good things come in there due time
Put The Ball Peen Hammer , Right Thru That Door
And i don't pretend to understand no more

I can't stand it , and i can't stand it
I can't wait to see them walls falling down
I can't stand it , i can't stand it
I can't wait to see them walls falling down
