Joey Eppard, Balloon

Goodbye
Bye my baby
Now there's no
One can save me
You just keep
On ascending
While I sleep
Through the ending x 5

There's a balloon
That I let go of
I'll see you soon
I miss you so, love
I knew you'd rise
But not this far
I search the skies
For where you are x5

If you're gonna play with fire then expect to lose some games
Most of all I feel this fall will land me in the flames
And if it does, I wonder, was it all for nothing then?
But if I had never tried, how could I try again?
Oh, again

I knew you'd rise
But not this far
I search your eyes
For where you are
Did I have to cheat
Find the answer
Now there's only heat
Where your hands were
