

3moonboys, World one father

The silence in my home
I'm feel so alone
Scrambling mothers tears
deep in a fear (walk away with me)
The pillow cant be dry
nobody look on my eyes (so wet deep inside)
Why he just left
Why don't wait for me (left me and my family)
So many questions asking me
Who I am (and who I should to be)
To feel good for me
And for my family
Hey noisy scream
please leave my home
Daddy pleas don't leave as here
Its' not my foul (and why I'm that feel)
I'm sorry Dad
I'm sorry you left
