Jordan Pruitt, Teenager

(Teenager-----)

I like staying up all night
I think it's my right
To sleep until noon
I love watching scary movies.
I could stay shopping all day
Getting my way,
And trying on shoes.
Don't tell me what I should be doing

Give me a break I'm just a teenager
I like putting things off 'til later
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else I'm just a teenager

I dread making my bed
I wish I could get out of cleaning my room
Cause I hate keeping my friends waiting
Fast cars, playing it by heart
Googling stars and surfing for tunes
Does any one here get what I'm saying?

Give me a break I'm just a teenager
I like putting things off 'til later
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else
I'm just a teenager

(Spoken)

(Jordan Pruitt)-Hello, this is Jordan
(Jordan Cole)-Hey what's up?
(Jordan Pruitt)-You'll never guess who called me yesterday
(Jordan Cole)-Who?
(Jordan Pruitt)-You know that guy that's taking me to homecoming?
(Jordan Cole)-Yeah
(Jordan Pruitt)-He was like "you took my breath away when I saw you"
(Jordan Cole)-Haha
(Jordan Pruitt)-He called me sweetie too
(Jordan Cole)-Ohhhh
(Jordan Pruitt)-I don't know if I like him though

I want more minutes on my cell phone
I wanna credit card of my own
I want the keys to the Mercedes-Benz Yeah
I wanna wear what I wanna wear
I wanna curfew that I think is fair
I wanna chill at the mall with my friends
(At the mall with my friends)
Does anyone here get what I'm saying?

Just hanging out havin' fun and taking my time

I can't help myself
Can't be no one else
I'm just a teenager

Give me a break I'm just a teenager
I like putting things off 'til later ('til later)
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else
I'm just a teenager
Give me a break I'm just a teenager!
