Journey, Forever In Blue

(Perry/Cain/Schon)

When she walked into the room
I felt her move me
I saw her eyes
They went right through me
Just one look I was forever in blue

In a spell of her embrace
Just for a moment
I was the one, caught in the moment
I knew, yes, right then I knew

[Chorus:]
Two hearts, reach for each other
Once chance, she's like no other
I'm lost, lost in the dream of you
'Cause it's true oh
I'm forever, forever in blue

In a fantasy of my anticipation
I knew there was no consolation
I knew, oh I knew

And on the night she told me that
She had another
I was broken by the truth
I discovered, I knew oh I knew

[Chorus]

Believe me girl, I tried not to call
But here I am once again, yes once again
Beside you, with my hands on the wall

[Chorus 2x]
