Jumpsteady, Joke Ya Mind

Joke ya, joke ya, joke ya mind
Joke your mind, joke your mind
Joke ya, joke ya, joke ya mind(now i lay me down to sleep)
Joke ya, joke ya, joke ya mind
Joke your mind, joke your mind
Joke ya, joke ya, joke ya mind(i pray the lord my soul to keep)

Open eyes to dreams alive
See the dragon slipping by
Step outside and glide away
Cause nothings wicked here today
Mystic lands glowing in the night
The glory of my wonderous sight
Bringing me to eternety
Upon a phantom land of tranquility

I can breath the magic mist
and exhale your every wish
Juggla jump from cloud to cloud
Ring them bells, ring them loud
I can jump across the land
Wind up in the emerald sand
Swing the jewels of endless time
Take it all cause it's mine

Demons come but then quickly fade
As i sit upon a flow of jade
All lost loves are found again
As peices of my heart do mend
Life is born upon a death
Pain is a shadow put to rest
This is my world, i am king
Joker sing, Joker sing

Joke ya, joke ya, joke ya mind
Joke your mind, joke your mind
Joke ya, joke ya, joke ya mind(Let me die before i wake)
Joke ya, joke ya, joke ya mind
Joke your mind, joke your mind
Joke ya, joke ya, joke ya mind(Pray the lord my sould to take)

I can fall in love like that
In my world she loves me back
If i choose, i choose alone
Freak is gone, boys is on
Cause the homies watch your back
Life is over like that
Once its done, its done, its dead
Ticky, tocky, ticky dead

Thousand lives i do live
As i open wide Pandoras lid
The hour glass as come to reap
my waking soul as i sleep

Someone talking
"They say a dream takes only a second,
and yet in that sencond a man can live a life time.
He can suffer and die and it was just a grade of relality, but we know from the one in thr dreams.&c
