Kelly Price, Whatcha Gon' Do?

(2x)
Watcha gon' do when you find out
That I've been cheatin' on you
And everything that you've done to me boy
I've been doing to you boy

You've had your fun
You've played your game
But I'm not gon' cry
Cuz gone are those days
You'll never know
You'll never see
It's comin' back to you
So tell me watcha gon' do?

(2x)
Watcha gon' do when you find out
That I've been cheatin' on you
And everything that you've done to me boy
I've been doing to you boy

And so I creep trying to find
The things that I need
Body,soul and mind
So long stayed true
But I need love too
What goes around comes around
So tell me watcha gon' do?

(4x)
Watcha gon' do when you find out
That I've been cheatin' on you
And everything that you've done to me boy
I've been doing to you boy

(4x)
Are you gonna wonder where I've been
What I've done,who he is ?
Say your prayers,are you scared?
Or do you even care ?
Are we gonna try and work it out?
Start again or will you doubt?
We can win,make it new
So watcha gon' do?
