La Academia, Turn Off The Lights

Its gettin' so lonely inside this bed
I don't know if I should lick
My wound or say woe is me instead
And there's an aching inside
My head telling me your better off alone
But after midnight, morning will come
And the day will see if you will get some

Chorus:
They say that girl ya know
She acts to tough tough tough
But when ya turn off the light
Turn off the light
They say that girl ya know
She acts to rough rough rough
But when ya off the light
Turn off the light
And I say follow me follow me follow me
Down down down down till you see all my dreams
Not everything in this magical world is quite what it seems

I looked above the other day
'Cuz I think I am good and ready for a change
I live my life by the moon
If its high play it low
If its harvest go slow but if its full then go
But after midnight morning will come
And the day will see if you will get some

Repeat chorus

I'm searching for things
That I just cannot see why don't you don't
You come and be with me
I pretend to be cool with me wanna believe
That I can do without my heart on my sleeve
I'm running I'm runnin' catch up with me life
Where's the love that lookin' to find?
It's all in me
Why can't you why can't you see that its all in me
