Lake, Celebrate

Monthly sums, you never see them
Bills the come, you try to meet them
Deadlines heading for you all the time
Headlines telling you you've got it fine

living a game to a tune being played
Wondering why, all aroundyou they're crying

Celebrate don't you wait, never hesitate
Celebrate while you still got time
Celebrate, yeah it's great, do it right away
Turn your back it's celebration time

Fat cigar, you've never seen one
Lousy cards, you've had a long run
Baby's crying for a birthday cake
Mother's telling you she just can't take

living a game to a tune being played
Wondering why, all aroundyou they're crying

Celebrate don't you wait, never hesitate
Celebrate while you still got time
Celebrate, yeah it's great, do it right away
Turn your back it's celebration time
