

## 4 Backwoods, Sexy sex phone

At work Im thinking of nothing else but you  
Time goes by so slowly and I wait till noon  
Faster and faster Im driving home to catch my sexy phone  
Just when Im talking I do not feel alone  
I call her up as every night  
I close my eyes and do it right  
My hand is sliding up and down  
While she moans in my ear  
My desire for you is so strong  
I am dreaming bout your nice body all day long  
Oh I cant wait to hear you whispering obscene words for me  
My illusions are my reality  
I call her up as every night  
I close my eyes and do it right  
I wish you lay here by my side  
You should believe Id make you fight  
On the sexy sex- phone - I wanna spend the night  
On the sexy sex- phone - I wanna fuck you right  
On the sexy sex- phone - I wanna splash you white  
On the sexy sex- phone - now I feel allright  
My only dream is that youre in love with me  
I cant imagine that you are ugly when I see  
You and your whole body without the influence of your voice  
No other wishes Ill be your nicest toy
