Leslie Phillips, Let Me Give

Verse 1:
Always caring for me, always giving
'Til I can't take any more
And you gave me this new life I'm living
The one you thought was worth dying for
I'm wanting you to know I'm grateful to ya
For all the love you've shown
And praises aren't enough to tell
How my love for you has grown
Chorus:
Let me give back to you
Something that is hard to give
Like the desires in my heart
And the way I want to live
Let me give back to you
Something that will cost it all
From the big dreams in my life
Down to the very small
Verse 2:
Never leaving me, Lord, when you could have
After so many failures and doubts
Though you loved me much more than you should have
Even when my faith was worn out
I don't wanna be ungrateful to ya
For all the love you've shown
And that is why I want to serve you, Lord
With all I own
Repeat Chorus
