Lifehouse, God Is My Refuge

We invite you God to this place.
God is my refuge,
My refuge and my strength.
I will not be shaken all of my days.
God is my refuge my refuge and my strength
I will not be shaken, no
All of my days.
God is my refuge my refuge and my strength
I will not be shaken all of my days
And I won't move from your presents of your holiness I will sing
I will take refuge in the shadow of your wings
And I will move from your presence of your holiness I will sing
I will take refuge in the shadow of your wings

God is my refuge my refuge and my strength I will not be shaken all of my days
Sing it again church
God is my refuge my refuge and my strength
I will not be shaken all of my days
And I won't move from your presence of you holiness I will sing
I will take refuge in the shadow of your wings
In the shadow of your wings
In the shadow of your wings
In the shadow of your wings
You are great god
Oh you are great
You are great god
You are great
