Loraine McFarland, They Weren't For Me

Verse 1
It's really sad
When the things you thought you knew
Turned there backs on friend
They wont understand
The pain I wen't through
Feeling disappointment
From friends you once knew
Yet I was there for them, they weren't for me

Verse 2
Sayin' im sorry
Won't erase those thoughts
I'm now moving on
Now trying to be strong
It's the hardest part
I can't change my feelings
I'm finally free
When I was there for them, they weren't for me

Verse 3
That's the price I pay
Being nice did nothing
No wonder I tried to rebel
Cause no one was there
But now it's all over
I'm with friends who now care
Now I am there for them, and there for me

Coda
But now it's all over
I left and im gone
But instead of no one there, they forgot about me
Instead of no one there, they forgot me
