Lullacry, Pain, Walk With Me

Today is a good day to end it all

How it all came to this
I don't know
Fool I was to believe

I still can remember
all the things that made me
feel so alive

Did I deserve it
This pain walks with me
walks with me forever
pain walks with me
Together, Pain walk with me

It took you a livetime
to do this to me, no no no

Todays a good day to end it all

Did I deserve it
Did I deserve it
This pain walks with me
walks with me forever
pain walks with me
Together, Pain walk with me
walk with me

Forever
Pain walks with me
Together
Pain, walk with me

Forever together
Pain walks with me
Together forever
Pain, walk with me

Walk with me
