Madison, Missing Since March 11th

Oh no..Look at your body, you tell me you're fine.
And I won't ever act the same again.

Oh and now your shaking, doesn't it feel nice to know
Doesn't it feel nice to know your face again.
Your heart is constant breaking. Suffocating.
And you'll drop the bottle (Drop the bottle)

I'm running out. That's ok
Running out was always my best friend.
(I won't say that again)
And I swear I'll never say those things again.

I'm running out. That's ok
Running out was always my best friend
(I won't say that again)
And here is my attempt to make amends.

A truth, a lie, a cut, a slut is all you'll ever be.
Answer the phone. Answer the phone.
Because I'm still an addict for your smile.

Where's sensitivity?
It's out the window with your smile and some dignity.
Sweety we know you think I'm crazy.
But at least I'll be thinking about you.
(Listen Sweety, You're so crazy)

I'm running out. That's ok
Running out was always my best friend.
(I won't say that again)
And I swear I'll never say those things again.

I'm running out. That's ok
Running out was always my best friend
(I won't say that again)
And here Is my attempt to make amends
