Mandalay, Mandalay

now
i can trust in you now
as i feel at ease
how lost in you
should i be
now
i can see you clear
as the day begins
how lost in this
should we be
share
and say you'll bring
to me deep love
you can't say that it's too soon to say how you feel
share and say you'll bring
to me deep love
just don't say that it's too soon to say how you feel
now
as i touch you here
as the day begins
how lost in this
should i be
share
and say you'll bring
to me deep love
you can't say that it's too soon to say how you feel
share and say you'll bring
to me deep love
just don't say that it's too soon to say how you feel
....
share
and say you'll bring
to me deep love
you can't say that it's too soon to say how you feel
share and say you'll bring
to me deep love
just don't say that it's too soon to say how you feel
share
and say you'll bring
to me deep love
you can't say that it's too soon to say how you feel
share and say you'll bring
to me deep love
just don't say that it's too soon to say how you feel
