

# 4HIM, Land Of Mercy

This is a strange familiar place  
Where I am living  
The world that was and what's become  
Are not the same  
I see the evidence of grace  
Without forgetting  
How far I've had to come  
To get me where I am today

If justice had the only say  
Well I would not be here  
Cause less than anything  
Is more than I deserve  
But I can put the past away  
There's nothing left to judge  
Forgiveness is the final word

## CHORUS

Everywhere I turn  
I see compassion but I'm learning  
I'm just a fallen man  
In the land of mercy  
Love is free to grow  
Where Heaven's healing waters flow  
Though I may not understand  
I'm living in the land of mercy

It seems I never have to ask  
For what I'm given  
I see the answer long before I see the need  
No longer looking to the past  
As just a prison  
For what has been helps me remember  
What I used to be

## REPEAT CHORUS

## BRIDGE

Though I may walk through the valley below  
I will not fear because I know  
who rules this world I'm walking through

## REPEAT CHORUS (2X)

Love is free  
I'm living in the land of mercy  
Tell me what you see  
I'm living in the land of mercy
