Matoma, Slow (feat. Noah Cyrus)

it’s 3 o’clock in the morning
no one can make me go home
cause no one’s waiting there for me
and I just can’t be alone

your green eyes are a weapon
shot a hole in my heart
now I’m falling for the bad one
and I;m seeing stars

I don’t want to go slow
I don’t want to go slow
every time you pull it backwards
I’m just gonna falling faster
cause I don’t wanna go slow

no one likes being honest
but I’mma give you that
so ask me how much I want you
and I’ll whisper back

how many other girls you know
say it all up front
I’ll take care of you

cause now I fell for a bad one
and it never lasts

so I don’t want to go slow
I don’t want to go slow
every time you pull it backwards
I’m just gonna falling faster
cause I don’t wanna go slow
