Melanie Thornton, Forever

Written by Mitchell Lennox & Julien Nairolf

Chorus
Cause I'm with you everyday, everytime, everyway
Forever, forever
You're the strongest in my life you're my day and my night
Forever, forever
I can read your mind
And I know the pain inside you
But I'm by your side
Forever, forever

Verse 1
Caught in circles
Of confusion
Lost your freedom
No illusions
You're suffering
I feel your pain
Whenever you're near me

It seems that there'll be
No tomorrow
You don't feel joy
There's only sorrow
But think again
Please don't complain
There's a way to carry on

Chorus

Verse 2
Don't think you fall
Cause I will catch you
Just close your eyes
Yes I will hold you
Don't be afraid
Don't hesitate
You know I'll be with you

The world still turns
Life doesn't end now
Just try again
I'll help you somehow
To breathe again
Believe again
There's a way to carry on

Chorus
