Natalie Brown, Things That You Do

The rose you bring
That little thing
That makes me sing
So glad youre mine

Your crazy ways
Color my days
Take me away
Oh what a ride

Your naughty talk
Strikes up a spark
Cuts through the dark
You turn me on

You turn my frown
Make silly sounds
Act like a clown
Dark days are gone

All the little things you do
Way you walk, way you talk
Baby by you I am moved
You make my life a dream come true
Wanna be, wanna see
Wanna live my life with you

Funny things
Silly things
Strange things
That you do
Crazy things
Kind things
Naughty things
That you do (X2)

Fulfill my needs
Are what you seem
Say what you mean
Speak honestly

You dont complicate
Insinuate
Things that you hate
Youre straight with me

Strange things you do
Draw me to you
Make you my boo
Youre so sublime

You wake me up
Hot coffee cup
Cream on the top
You are divine

All the little things you do
Way you walk, way you talk
Baby by you I am moved
You make my life a dream come true
Wanna be, wanna see
Wanna live my life with you

Funny things

Silly things
Strange things
That you do
Crazy things
Kind things
Naughty things
That you do (X2)
