Natalie Prass, Bird of Prey

You plucked me from the vine
Looking for attachment
And although it wasn't time
When did it happen?

You, you don't leave me no choice /3x
But to run away
You are a bird of prey
With a heart like the night

We had all the world to hide
In deep fields and tall grasses
And when you said it feels like time
Do you have me?
And I love you up in the womb
You will not let me go
And then the sun, it sets on the moon
I can't get you away from me

And I never said I didn't want you knocking on my door
All this run and chase, it's almost like you planned it
Never have I thought, I'm just telling me before, ooh
Well, I never said I didn't want you knocking on my door
All this run and chase, it's almost like you planned it
It's out of hand it's, ooh, out of my control

I never said
I never said I didn't want you
I never said I didn't want you knockin' on my door
