

# 50 Cent, In Da Club Remix(Kings Song 107.9)

Go, go, go, go, go, go, go Sactown  
Its your Kings, we gonna party likes its the Finals  
Yo we gonna party like, its the Finals  
And you know we dont giva damn cause we Sactown

You can see them on the court, passin' on da dimes  
We got all the punch you need, Peja's throwin' up the threes  
To be sure when we win it all we can inflate the Lakers balls  
So give the Kings some love, watch them rise above

Find Vlade in the paint  
Try to block him but you can't  
Bobby's got what you need  
Hittin' you with his speed  
Kings fans yellin' just standin' on their feet  
They cheer the Kings, you know they can't be beat  
When you pull up to Arco  
You feel your blood flow  
Rollin' up to your seat  
Then you start feelin' heat  
And then they kick it off, Christie rocks the rim  
Then the fun begins  
And the bench is hollarin'  
"Kings is gonna win"  
Puttin' Dallas back on ice  
Again and again, we did it not once but twice  
The Lakers and the Spurs are shakin' in they knees  
And Sactown is gonna be rainin', drainin' the threes  
Don't matter if its Kobe or Shaq  
Take Duncan to the rack  
The Kings are to good  
Gonna win like they should  
Now see Webbs on the bench smellin' the Dallas stink  
Scotty and Turk  
Ready to go beserk

You can see them on the court, passin' on da dimes  
We got all the punch you need, Peja's throwin' up the threes  
To be sure when we win it all we can inflate the Lakers balls  
So give the Kings some love, watch them rise above
