Nekromantix, Demons Are A Girls Best Friend

demons on her mind, demons of any kind
demons in her head, demons that she never met
demons in her ears, demons that never disappear
demons here and there, demons everywhere

well i thought i had a chance,
i had a sweet heart, a hard romance
but she always disappeared
well i thought i had a chance,
i had a sweet heart, a hard romance
she didn't notice i was there
demons are a girl's best friend(x4)

well i thought i had a chance,
i had a sweet heart, a hard romance
but she always disappeared
well i thought i had a chance,
i had a sweet heart, a hard romance
she didn't notice i was there
demons are a girl's best friend(x4)

demons in her head, demons alive or dead
demons on the floor, demons are hid behind that door
demons behind that curtain, demons, yah, i'm certain
demons are here and there, demons everywhere

well i thought i had a chance,
i had a sweet heart, a hard romance
but she always disappeared
