Nick Lachey, All in my head

Satellites blasting through the universe
It's outta sight
It's all in my head
Saw your eyes sending me a message for the last time
Here alone
Holding on to something that I've never known
It's all in my head
I've crossed the line
Theres no going back and there's no future
Tell me this isn't happening
She said she said
Said she wants to marry me
It's all in my head
Thats just not reality
It's over its over
Cause she said its all in my head
It's all in my head
Here on earth
She don't even wanna talk there
Are no words it's outta my hands
So why, why why
Tell me this isn't happening
She said she said
Said she want to marry me
It all in my head
Thats just not reality
It over it's over
She said it's all in my head
It's all in my head
Someone wake me up when calls me
It's like I've been asleep and
She gone gone
Someone let her know
I'm not breathing
Tell me this isn't happening
Tell me this isn't happening
Tell me this isn't happening
She said she said
Said she want to marry me
It all in my head
Thats just not reality
It over it's over
She said it's all in my head
She said she said
Said she want to marry me
It all in my head
Thats just not reality
It over it's over
Cuz she said it's all in my
All in my head (x8)
