Nina Gordon, Superstar

Somebody stop me before I throw it all away
Cause I know he's gonna drop me if I wait another day

You are a Superstar and I have pushed you way too far
I don't know if I can get to where you are, oh darling, I'm on my way

And everybody asks me if I fell for someone new
And I wouldn't put it past me but this time I've been true

Cause you are a Superstar and I have pushed you way too far
I don't know if I can get to where you are, oh baby, I'm on my way
I'm on my way

And there's a half a million reasons why I'm on this plane tonight
And half a million reasons why I almost missed my flight

And you are a Superstar and I have pushed you way too far
I don't know if I can get to where you are, oh baby, I'm on my way
Oh, I'm on my way
