Nonpoint, Move Now

No control of
Nothing to hold
Cant be sold by anyone
Its everywhere
Its stealing the air you breath
No more wasting time i have to
Move Now
No more killing time
I have to stop my hands from shaking
Stop my time from wasting

What about you
What about me
Having control its everything
Youre in my way
Move Now
What about you
What about me
Losing control of everything
Show me the right way
Move Now

No control of
Nothing to hold
Cant be sold by anyone
Its everywhere
Its stealing the air you breath
No more dealing
No more feeling
Move Now
No more tasting
No more wasting
All my time
Waiting for a bell

What about you
What about me
Having control its everything
Youre in my way
Move Now
What about you
What about me
Losing control of everything
Show me the right way
Move Now

No control
I'm stuck in this
Becoming my home
No twenty-one guns
Shot one by one
Move Now
Causes damage
Takes advantage of me
With no plan of action
No twenty-one guns
Shot one by one
Move Now

What about you
What about me
Having control its everything
Youre in my way
Move Now

What about you
What about me
Losing control is everything
Show me the right way
Move Now
