diamonds are a girl’s best friend
diamonds are a girl’s best friend
I don’t need you
I’ve got flooded out banquettes
I don’t need you
boy, my diamonds dripping wet

I’m a super shero, bitch
don’t try me hoe
bad like a villain
I pop it and then I reload
all the best things in life come for free
but don’t you think tha applies to me
I do what I want cause I know that I am hot
I aint a band but you know how I rock
don’t need no clippers to give you a chop
took me to dinner then I took him out
I like it when you call me crazy
long as you keep callin’ baby
he thinks it’s cute that I know how to shoot
don’t you get scared if I point at you
broke up whit my ex
dumped him in a text
would wish you the best
but I alrady left
date night with my bitches
getting’ real twisted
you know what you could do?
give my ass a bunch of kisses

I love me this much
my pear shape all dripped up
it’s freezing
in my eye

diamonds are a girl’s best friend
