

5ive, Two Sides To Every Story

Yeh, Yeh, C'Mon
Two sides, from the heart
Well, It's alright, alright
Wanna know a bout me
Well, It's it's the way it's got to be
There's more you to me than what you see
On TV Screens is make believe
Think you know about us
Well, it's an element of trust
Come tlk to me respectfully
Cos thease days we're public property
Oh oh From the heart
Oh oh oh like us from the start
Beacuse there's two sides to every story
Think you gotta know me
You gotta show me
But it's alright, Don't be sorry
It's just the way I am
Beacuse there's two sides to every story
Think you gotta know me
But I'm tellinng you once again
You gotta go for what I am [x2]
Yeh, Yeh It's alright
I'm tellin' you
There's two sides
Yeh, Yeh It's alright
It's just the way I am
Do you care a bout me
Or the picturethat you see
Are we just a face withoutpersonality
Yeh, Yeh
Do you care about us
Or the funkin' that we bust
There's more to us than magazines and
dance routines
And a teenage dreams
Oh oh From the heart
Oh oh oh like us from the start
Beacuse there's two sides to every story
Think you gotta know me
You gotta show me
But I'm tellinng you once again
You gotta go for what I am
But I'm tellinng you once again
You gotta go for what I am
Yeh, Yeh it's alright
I'm tellin' you
There's two sides
Yeh, Yeh it's alright
It's just the way I am
Because there's two sides to every story
Think you know me
You gotta show me
But it's alright, Don't be sorry
It's just the way I am
Because there's two sides to every story
Think you know me
You gotta show me
But I'm telling you once again
You gotta go for what I am
