Optimus Rhyme, Worms

Cyberman, more wild than a loose worm.
Knock, knock. Let me in your inbox.
Watch. I can deconstruct your system, touch your network.
Its easily done for an annelid like me.
I ran with an analysis that said Victory is likely.
There might be some who consider me spineless.
You think I mind this? I kill them with kindness.
Like Hi! Guess What?! I Love You!
Open me up, and one click youre through.
I like to wriggle. I like to squirm.
I like to get down and dirty watch your data burn.
Reproduction? Thats my secondary function.
Just one look at your address book, and then Im gone.
Call it population eruption.
I like to touch people in these intimate ways.
It aint symbiotic, you wont see me for days.

I'm a segmented annelid, migrating herds.
Gather with my brethren, we crawl and converse.
We touch in your gut as we pass.
Its pitch black.
I dont mind that, were all from the Earth.

When you eat, I eat.
When you sleep, I eat.
When you watch TV, I eat.
When you walk around the city, I dine on your nutrients.
Theres no need for etiquette or accoutrements.
You know Im suited for this. Check the hooked scolex.
Im through with intermediate hosts. Yo whats next?
I gotta slow down. Wait it out.
Show patience. One day, I will make it out.
So I incubate and think primary thoughts.
I detach and dock to the wall, yall. Shot like a dart.
I stop just like I was taught and start doin what I do
Which is feeding a lot.
Not competing for slop we barely move at all.
Its scary but Im better off than almost all of yall.
No rent, free food and drink top shelf.
I never gotta go to work, have sex with myself.

I'm a segmented annelid, migrating herds.
Gather with my brethren, we crawl and converse.
We touch in your gut as we pass.
Its pitch black.
I dont mind that, were all from the Earth.

I'm a segmented annelid, do you comprehend?
I dont want your money, I just want to get in.
We touch in your gut as we pass.
Its pitch black.
I dont mind that, I am what I am.

Segmented Annelid.
Squirm! Squirm!
Segmented Annelid.
Squirm! Squirm! Squirm!
Segmented Annelid. Superhero candidate.
Squirm! Squirm! Squirm!
Segmented Annelid. Superhero candidate. Zero people stand with it.
Squirm! Squirm!
Segmented bred with a fragmented head thatll breed when you need it I eat and Im fed and Im

Wheelie Cyberman,

Wheelie Cyberman,
Wheelie Cyberman lives underground
Where we find him writing lines
That help to make the world go round.

I live in the dirt. I like it there.
Im already low so nobody stares.
Im not really scared, doesnt matter how I fare,
And I never worry about wearing clean underwear.
I dont worry much at all, keep it calm mostly.
I already know what Im supposed to be.
Most people never try to get close to me
Cuz they know that theyre nothing but a host to me.
