

5ive, World Of Mine

Ive been trying to ease my mind
From this life that I have been thrown into
I no longer know who to trust
They keep hurting me no matter what I do
Its a big world out there
And sometimes it can swallow you up
But never give up yeah

[CHORUS]

Ive been tryin' to find a friend in this crazy world
And the more that I try to find a friend in this crazy world
Ill sail the seven seas
I would climb a mountain high
To get you in this world of mine
Ive been dying to meet someone
Just to share all the things other people do
Just a laugh or a cry
Just a simple goodbye
I will see you soon, would do
I promise you I wont let you down
Come to me
I will make you see yeah

[CHORUS]

To get you in this world of mine
Ive been searching for someone to care
Someone wholl always be there

[CHORUS]

To get you in this world of mine
Ive been tryin' (Im tryin') to find (Im dying) a friend
(Im fighting) in this crazy world (Im fighting for you)
And the more that (Im tryin') I try (Im dying) to find
A friend (Im fighting) in this crazy world (Im fighting for you)
Ill sail the seven seas
I would climb a mountain high
To get you in this world of mine
