Ozma, Lorraine

Theres just one thing I couldnt find,
One girl that couldnt be mine,
she's in love with Calvin Klein

I knew she could have any one of these boys
here i am playing with my baby toys
I'm walking out but i'm just making noise

16 years and what do we get?
Another Ex and deeper in debt
I've done all of my time
and placed all of my bets
people say that our are layers of die
but livin anint that hard if you know your alive
let's party like its 1955

Lorraine, Lorraine,
my destiny
this song is over without you
so I'm singin' this refrain to you

Theres just one thing I couldnt find,
One girl that couldnt be mine,
she's in love with Calvin Klein

I knew she could have any one of these boys
here i am playing with my baby toys
I'm walking out but i'm just making noise

Lorraine, Lorraine,
my destiny
this song is over without you
so I'm singin' this refrain to you

Lorraine, Lorraine,
my destiny
this song is over without you
so I'm singin' this refrain to you
till the till the night i realized
I still see the world through candy coated eyes

Lorraine, Lorraine,
my destiny
this song is over without you
so I'm singin' this refrain to you

Lorraine, Lorraine,
my destiny
this song is over without you
so I'm singin' this refrain to you

till the night I realized
I still see the world
through candy coated eyes
