

702, Places

VERSE 1

You're the type that I dream about
In my fantasy (i swear)
Ain't no reason that we ain't together
Far as I can see
No disrespect to who you came here with
But this ain't where I wanna be
So tell ya boys they can take ya car
You can ride with me (don't be scared)
From the very first time that I saw ya lips
Boy I knew you'd be the one
Tell me can we make love (please)

CHORUS

Because God really made you so fine
I wanna make you all mine
Where are you from, where have you been
Baby take me there, you and I could go places
There are so many things on my mind
I should let you hit it just one time
Where are you from, where have you been
Baby take me there, you and I could go places

VERSE 2

There's a secret place that I wanna take you
But first you got to get in the mood (follow me)
It's a private place, only love we'e makin'
And I know that we can get there real soon
I bet our bodies make good conversation
Without even sayin a word (hush)
Over and over and over again and again
From the very first time that I kissed your lips
Boy I met the morning sun
Tell me can we make love

BRIDGE

Hey you, over there, yeah you, number three
Ain't no reason that we shouldn't leave this place
And um you know just be you and me
I love my friends but this ain't where I wanna be, uh uh
So let me take you to a place where
You know we can both be free

From the very first time that I saw ya lips
Boy I knew you'd be the one
Tell me can we make love
From the very first time that I kissed ya lips
Boy I met the morning sun
You're the one I dream of

CHORUS

2x

I've been waiting
I've been waiting all day
Oh it feels so good

Let me show how it feels to be loved by an angel
Let me take you
Come and feel me baby, feel me up
Let me take you
'Cause I love you, I love you, I love you baby
Let me show how it feels to be loved by an angel
Let me take you

Let's go
