Paul Wall, About Us

[Paul Wall:]
Boys talkin' down
On the sidelines watching, wishin' they was playin' the game we playin'
But its all good though
Paul Wall Brooke what up baby

[Brooke:]
What it do Paul Wall
Look who's talkin'

[Paul Wall:]
Okay, hey
What it do
I hear the commentators on the side chatter boxing
Paul Wall and Brooke got all the paparazzi watching
I hear them jaw japping bumping guns chasing crones
We ain't concerned with them bums we accumulating funds
Plastic wrist got the Johnny Dang watch froze
5 kid vivid yellow stone in my earlobe
I'm squashing chatter when the light hit the pinky ring
Starch and clean white puff with the lean
See me in the new Benz 'cause I'm oh so ballin'
Or a old school slab with the fifth wheel fallin'
We got em talkin' but really they ain't saying too much
Just speculating with that gossip truth is they don't know about us

[Brooke:]
I see your lips moving but I don't hear nothing (No)
Everybody talking like they really know something about us (They don't know baby)
But they don't know nothing about us (They don't know baby, they don't know about it)
I see your lips moving but I don't hear nothing (No)
Everybody talking like they really wanna know about us (They don't know baby)
But they don't know nothing about us (They don't know baby, they don't know about it baby)

[Brooke:]
I'm just trying to live but your all up in my grill
How's a girl to breathe with all the media starring down my mouth
With a four inch lenz I just wanna hit the mall with some of my friends

[Paul Wall:]
They talkin' bout us so I guess were doing something right
Ballin' in the mix with the camera lights shining bright
They know we caked up but they don't know how much we worth
Paper stacked to the ceiling now because we put in work

[Brooke:]
Picture yourself up in my shoes
Top story in the news
Everyday its something new
Everybody's watching you
But they ain't seen nothing
They ain't heard nothing
Everybody's just fronting, that's what they do

[Brooke:]
I see your lips moving but I don't hear nothing
Everybody talking like they really know something about us
But they don't know nothing about us
I see your lips moving but I don't hear nothing (No)
Everybody talking like they really wanna know something about us (They don't know baby)
But they don't know nothing about us (They don't know baby, they don't know about it baby)

Stop stop stop
I'm not listening

You can save your breath
I don't wanna hear the rumors people are spreading
Why, why do people go
Out of there way
To try to bring us down
They don't know nothin bout us
I see your lips moving but I don't hear nothing (No)
Everybody talking like they really know something about us (They don't know baby)
But they don't know nothing about us (They don't know baby, they don't know about it)
I see your lips moving but I don't hear nothing (No)
Everybody talking like they really know something about us (They don't know baby)
But they don't know nothing about us (They don't know baby, they don't know about it baby)
