

# 702, Seven

Oh so wrong  
I was the one you leaned on  
Can't pretend  
Cuz my love is true  
It should be me and you babe  
Always knew someday  
That we would have a family  
Don't know what to do  
Cuz in a week  
You're gettin' married  
I got

Seven whole days  
And seven whole nites  
It's not much time  
To make you mine  
Knowin' that girl  
You should be here with me  
I can't deny  
My love I can't hide

Seven whole days  
And seven whole nites  
To make you see  
You should be lovin' me  
Whatever you want  
Gon' make it feel right  
Yea, yea, yea, yea, yea

Don't wanna hurt her  
But ya leavin' me  
I just can't concieve  
It may not seem fair  
But in love and war  
There are no casualties  
I just want what's mine  
Boy ya makin' fair  
What belongs to me  
I'm gon' change your mind  
And I guarantee  
You gon' be leavin' with me

Seven whole days  
And seven whole nites  
It's not much time  
To make you mine  
Knowin' that girl  
You should be here with me  
I can't deny  
My love I can't hide

Seven whole days  
And seven whole nites  
To make you see  
You should be lovin' me  
Whatever you want  
Gon' make it feel right  
Yea, yea, yea, yea, yea

Seven whole days  
And seven whole nites  
It's not much time  
To make you mine  
Knowin' that girl

You should be here with me  
I can't deny  
My love I can't hide

Seven whole days  
And seven whole nites  
To make you see  
You should be lovin' me  
Whatever you want  
Gon' make it feel right  
Yea, yea, yea, yea, yea

The flowers are coming today  
I hope she hasn't picked out a dress already  
I hope she picked out a ring that I'll like  
Cuz it's gonna be on my finger tonite

Seven whole days  
And seven whole nites  
It's not much time  
To make you mine  
Knowin' that girl  
You should be here with me  
I can't deny  
My love I can't hide

Seven whole days  
And seven whole nites  
To make you see  
You should be lovin' me  
Whatever you want  
Gon' make it feel right  
Yea, yea, yea, yea, yea

(Repeat till end)
