

# 77 Bombay Street, Up In The Sky

Up in the sky, there is a village  
And the people there are blue I believe it's true  
Up in the sky, people are happy  
They love to sing and there is no need for a king

Up in the sky, nothing is insane  
Like a rocket driven plane you can fly above the rain  
Up in the sky, you just feel fine  
There is no running out of time and you never cross a line

I never want to die  
I wanna live in the sky

Up in the sky you can fly you will make it if you try  
In the sky you are far away  
Up in the sky you can sing and you can do everything  
And no matter what you say it's true I go into the blue

Up in the sky, there's no religion  
There are no cars and no phones and you cannot be controlled  
Up in the sky, you just feel fine  
There is no money making crime but a lot of good wine

I never want to die  
I wanna live in the sky

Up in the sky you can fly you will make it if you try  
In the sky you are far away  
Up in the sky you can sing and you can do everything  
And no matter what you say it's true I go into the blue  
I go into the blue into the blue

I wanna live up in the

Up in the sky you can fly you will make it if you try  
In the sky you are far away  
Up in the sky you can sing and you can do everything  
And no matter what you say it's true /2x
