Peter Andre, Stay With Me

Here I stand naked alone
My weary heart has no home
And I can't believe this is all gone
But in your eyes I see love holding on

Lady come stay with me
Take my heart and love me
Baby I won't let you down
Can't yo see that I've been holding on
Wanting you for so long
I need you back here in my life
If you want my love to be, come on home back to me

Say those words when I call
Catch all my tears when they fall
Can't we retrieve all that went wrong I know I'm strong
There's a price love must pay to carry on

Baby come stay with me
Take my heart and hold me
Lady I won't let you down
Can't you see that I've been holding on
Wanting you for so long
Needing you back here in my life
If you want my love to be, come on home back to me.... to me

Holding on, I'm holding on
Please don't make me wait too long make me wait too long
Come stay with me
Take my heart and love me
Baby I won't let you down
Can't you see that Ive been holding on
Wanting you for so long
I need you back here in my life
If you want my love to be if you want love to be
Come on home ... come on home girl

Baby come stay with me
Take my heart and hold me
Lady I won't let you down I won't let you down
Can't you see that I've been holding on
I've been wanting you for so long
I've been needing you back here in my life
If you want move to be baby if you want love to be
Come on home to me come on home back to me
