Poco, Footsteps Of A Fool (Shaky Ground)

It's not the first time, I've been here before
I've stood in the hallway and stared at the door
My friends say I'm steady, both feet on the ground
But they never see me when she's around

When I'm standing on shaky ground (on shaky ground), afraid to look down
At the footsteps of a fool (footsteps of a fool)

What good does it do you to wait for the day
She'll come around and she'll see things your way
I swear that I'll walk away before it's the end

But each time it happens, I'm, I'm right back again

Standing here on this shaky ground (on shaky ground), afraid to look down
I keep standing here on this shaky ground (on shaky ground)
Afraid to look down, at the footsteps of a fool

(Solo)

She doesn't really love me anymore
