Povertyneck Hillbillies, Kinda Cool, Ain't It

I never expected for it to feel like this
Cause first dates, they usually don't
But I felt connected from the moment you walked in
It's like you're someone I've always known
And I could sit here and talk to you all night long

Cause you're so easy going, conversations flowin'
Somethings growing here in this heart of mine
And I'm feelin' dizzy, little weak kneed
When you're with me
And I don't know if I can explain it
It's kinda cool ain't it ?

Now I'm not tryin' to move too fast
I've always heard it's best when you take it slow
But girl I'm dying just to take you by the hand
And dance with you all night right here on the patio
I guess I need to feel to hold you close

Cause you're so easy going, conversations flowin'
Somethings growing here in this heart of mine
And I'm feelin' dizzy, little weak kneed
When you're with me
And I don't know if I can explain it
It's kinda cool ain't it ?

Well girl you look like I just read your mind
But well I know how you feel cause I've been feelin' it all night

And you're so easy going, conversations flowin'
Somethings growing here in this heart of mine
And I'm feelin' dizzy, little weak kneed
When you're with me
And I don't know if I can explain it

It's kinda cool ain't it ?
