

911, All I Want Is You

Baby I tried but
I can't help myself
Can't disguise the way I feel inside
I'm falling so helplessly it's true

I close my eyes and believe completely
That I can feel you touching my skin so tenderly
Come morning light
Just a victim of fantasy

Everytime I open my eyes
You just disappear you say goodbye
Baby I'll do anything to make you mine
Oh it's true

All I want is you
I'll give my heart and soul
All I want is you
I'll be there when you call
All I wanna do
Is make love to you
All I want is you
All I want is you

I can sleep 'til the last star leaves the sky
With every beat of my heart, wanna make you mine
I'm praying you feel the same way too

Tell me that you hear my call tonight
Only you can bring this dream to life
Baby I'll do anything to make you mine
Oh it's true

All I want is you
I'll give my heart and soul
All I want is you
I'll be there when you call
All I wanna do
Is make love to you
All I want is you
All I want is you

All you gotta do is believe
In me you'll find a sanctuary
Just one chance is all I need
To prove that you and I are forever meant to be

All I want is you
I'll give my heart and soul
All I want is you
I'll be there when you call
All I wanna do
Is make love to you
All I want is you
All I want is you
