Puressence, Keep It To Myself

I, have left the mainstream
And now I'm walking round and round
With a smile
Cos I'm thinking 'bout myself, for the first time

And I, don't walk the same streets
As everybody else, never have
Oh well the one I tried didn't last
Have the last laugh

I tried all the time
And I cant seem to find no way (yeah, yeah)
And all I can do it to keep you to myself

Shall I stay or shant I?
Shall I stay or shant I?

You want to get to know me
Well no-one ever really has, you can try
But the one who tried didnt last
So ?

And I just dont know
I just don't care
It just don't seem
That you're all there
Well i dont really have that much time
Cause I'm 'bout thinking about myself, what's mine is mine

I tried all the time
And I cant seem to find no way (yeah, yeah)
And all I can do it to keep you to myself

Shall I stay or shall I?
Shall I stay or shall I?
Shall I stay or shall I, yeah?

Shall I stay or shall I, yeah?
Shall I stay or shall I, yeah?
Shall I stay or shall I, yeah?
Shall I stay or shall I, yeah?
