

98 Degrees, Hand In Hand

There's one thing I'm sure of
Is that we will always be
Even though the road
Seems to get a little rough
It's for you I live
I can do anything
And it will never be too much

In my darkest hour
You are there to light the way
When I'm down you always lift me up again
Oh, oh, oh, oh
You know me better than I know myself
You comfort me and let me know
With you I'm gonna win

Walk with me, hand in hand
We will help each other understand
How to go through (Through)
There will never be a day
That we'll grow apart
So we'll forever be (Forever be)
Together hand in hand
(Oh yeah)

Sometimes I'm wrong
And even in that case
You didn't go way
Stayed right next to me
And as time goes on
I realize that you're for me
And I will love you for eternity

In my darkest hour
You are there to light the way
And when I'm down you always lift me up again
Oh, oh, oh, oh
You know me better than I know myself
You comfort me and let me know
With you I'm gonna win

Walk with me (Walk with me)
Hand in hand (Hand in hand)
We will help each other understand
How to go through
There will never be a day
There will never be a day
We'll never grow apart
(So we'll forever be)
Forever be
Forever and ever be
Together hand in hand

Oh oh
Walk with me
Yes, take a walk with me
Hand in hand
Would you take my hand?
We will help each other understand (Understand)
How to go through
And there will never be a day
(Oh oh oh oh, baby)
(We'll never grow apart)
(So we'll forever be)

Forever be
Together hand in hand

Baby would you walk with me?
We will help each other understand (Understand)
How to go through (How to go through)
There will never be a day..
