Rhino Bucket, Going Down Tonight

High tide, no time
My ship's sinking and I don't know why
Too far, last call
They caught me praying in the bathroom stall
Low lights,high ceiling
There's a certain pain that I like feeling
Little girls, older women
It doesn't matter when the room is spinning
We go live like a loaded gun
Yeah, yeah, yeah
We go live like the settin sun
We're going down tonight
We're going down tonight
South side, too fine
I don't need a glass to drink my wine
Sunrise, sun sets
The meter's running but I couldn't care less
Loose change, loose ladies
Twenty dollars make a no go maybe
Took a fall prison walls
This f**kin' place has the wrong kind of bars
We go live like a loaded gun
Yeah, yeah, yeah
We go live like the settin sun
We're going down tonight
We're going down tonight...
