Right Said Fred, Funk You

Girlfriend hey how you doing
The night is still young
but something is brewing
Girlfriend fancy a lager
Or would you prefer a pina colada

Girlfriend I don't wanna be your boyfriend
I don't need another best friend
All I wanna do is
All I wanna do is
Funk you

Girlfriend don't be upset now
I'm out on the pull
you're the first girl I've met now
Girlfriend don't be offended
No harm is done and no harm intended

Girlfriend I don't wanna be your boyfriend
I don't need another best friend
All I wanna do is
All I wanna do is
Funk you

Girlfriend don't be a dreamer
Your head is a mess but I ain't your cleaner
Girlfriend cut to the chase now
Look in my face is it back to my place now

Girlfriend I don't wanna be your boyfriend
I don't need another best friend
All I wanna do is
All I wanna do is
Funk you

Girlfriend I don't wanna be your boyfriend
I don't need another best friend
All I wanna do is
All I wanna do is
