Rivers Cuomo, The World We Love So Much

Come walk with me thru the world we love so much
And we'll kill all the beautiful things we're not allowed to touch
We could fall in love--then hate cuz love NEVER lasts
Then we'll dance on the graves of our enimies--won't that be a blast?

But oh, I'm ending my life with you cuz youre sharp as a knife
We're lost in the forest like Hansel and Gretel--TO BURN
Come walk with me thru the worldwe loe so much
And we'll kill all th beautiful things and people we're not allowed to touch
we could fall in love and then HATE yes HATE

Cuz love--we knowthat love stuff ever lasts
and we'll dance on the graves of our eniemies you know it'll be a blast
Kaboom baby kaboom
But ohhhhh I'm ending my life with you
Cuz youre sharp as a knife--we're lost in the forest like Hansel and Gretel
dont mind that wet stuff

I dont care if it's runnin' down your chest
So come walk with me thru the world we love so much
AND WE'LL LOVE ALL THE BEAUTIFUL THINGS WE'RE NOW ALLOWED TO TOUCH
