Rockell, What You Did To Me

I was blind
but now I see
and you know what
somebody's gonna do
what you did to me

you took my heart
you threw it against the wall,
and I sat here alone
starin' at the phone
but you dont call
who do you think you're foolin'
love ain't a game to be played
my heart is empty
like the promises you made
but now i'm gettin' stronger
and I don't need you any longer

(chorus)
it'll take time
baby wait and see
somebody's gonna do what you did to me(Oh yeah)
it'll take time
baby wait and see
somebody's gonna do what you did to me(you did to me)

Oh, oh, oh, oh, you did to me

you think you're smart
playin' me all this time
but the game that you played
in the bed that we laid
will haunt you in sweet time
do you tell her all your stories
do you tell her all your lies
just like you told me
right before you said good-bye
but now i'm getting stronger
and I don't need you any longer

(chorus 2x)

Oh, oh, oh, you did to me
Oh, oh, oh, you did to me

(chorus 2x)

Oh, oh, oh, you did to me
Oh, oh, oh, you did to me
