Saliva, F*** All Y'all

F**k all Y'All!
Here's a little story that needs to be told
About the devil doing business in the fiery hole
Here's a little story thats oh so true
About the fame the money and lawyers too
Theres just one thing I'll say to you
If you're f**king me I'm gonna f**k with you
Since all my money you're chasing
I'll find a steady replacement
F**king me must have been entertainment
Nobody move nobody gets burned
Nobody move nobody gets burned
Nobody move nobody gets burned
Nobody move nobody gets burned
Here's to all the f**king lies you told
About a rabbit in the hat thats running for the hole
Here's to all the f**king money you made
So take your nickel back and default the rest of the take
Theres just one thing I'll say to you
If you're f**king me I'm gonna f**k you too
Since all my money you're chasing
I'll find a steady replacement
F**king you is gonna be entertainment
Nobody move nobody gets burned
Nobody move nobody gets burned
Nobody move nobody gets burned
Nobody move nobody gets burned
[Solo]
Nobody move nobody gets burned
Nobody move nobody gets burned
Nobody move nobody gets burned
